

Connecticut Agricultural Science and Technology Education Program

Application for Student Admission

Agricultural Science and Technology Education (ASTE) programs serve secondary students in full- and shared- time programs. Each program is located at a comprehensive high school with the exception of Bridgeport Regional Aquaculture Science and Technology Education Center, which has its own independent facility. The ASTE programs prepare students for college and careers in animal science, agribusiness, agricultural mechanics, aquaculture, biotechnology, food science, marine technology, natural resources, and plant science, (not all ASTE centers offer all the before mentioned programs). The ASTE programs incorporate a hands-on, active curriculum that integrates subject area skills and knowledge, applied skills in the core subjects of mathematics, science and English/Language Arts while incorporating leadership skills and work-based learning experiences through the National FFA Organization and supervised agriculture experiences.

INSTRUCTIONS

Any person who has completed an elementary school course through the eighth grade is eligible to be considered for admission to an Agricultural Science and Technology Education Program. You and your parent(s)/guardian(s) must complete this application with the appropriate signatures and return it to your school counselor so that the school section may be completed.

 Relation to Student

**AGRICULTURAL SCIENCE & TECHNOLOGY EDUCATION  
CENTERS  
STUDENT AND PARENT/GUARDIAN AGREEMENT**

I understand that Agricultural Science and Technology Education (ASTE) Centers utilize the Three Circle model of Education; Classroom/Laboratory Experiences, Supervised Agricultural Experience Program (SAE) and student leadership through the FFA. While enrolled in an ASTE Center, I must be on track to graduate with my class and I will obey all rules, requirements, and commitments of the high school and Agricultural Education Program

I understand that I will keep track of my activities and out-of-school experiences in a SAE record book or an online tracker. I understand that my SAE program is conducted outside-of-class time.

I understand that, because of the nature of the program, field trips are taken often and agricultural work is done in class to prepare the student for a career and college in agriculture and related occupations. All students shall take part in and dress appropriately for these experiences.

I understand and agree to participate in this program as a member of the FFA. Class/lab work, supervised agricultural experience, and FFA participation are all essential and integral for success in my Agricultural Education program.
